PORNOGRAPHY AS A CAUSE OF RAPE

Against Pornography: The Evidence of Harm

by Diana E. H. Russell's, 2004

In order for child sexual abuse to occur, 4 conditions have to be met.

1. someone has to want to abuse a child sexually.
2. this person's internal inhibitions against acting out this desire have to be undermined.
3. this person's social inhibitions against acting out this desire (e.g., fear of being caught and punished) have to be undermined.
4. the would-be perpetrator has to undermine or overcome his or her chosen victim's capacity to avoid or resist the sexual abuse."

PORNOGRAPHY AS A CAUSE OF RAPE

1. Someone has to want to abuse a child sexually.

Porn videos provide Information → **DESIRE**

2. This person's internal inhibitions against acting out this desire have to be undermined.

Repeated porn viewing makes it look like **IT'S NORMAL**

3. This person's social inhibitions against acting out this desire (e.g., fear of being caught and punished) have to be undermined.

Delhi Policing is **WEAK** and conviction is **LOW**

Threat of upload on porn sites/WhatsApp → silences victim

4. The would-be perpetrator has to undermine or overcome his or her chosen victim's capacity to avoid or resist the sexual abuse.

Rape video sites are tutorial on **how to overpower** the victim

PORNOGRAPHY AS A CAUSE OF RAPE

Important observations

1. A high percentage of rapists and child molesters have said that they have been **incited by pornography** to commit crimes
2. normal healthy male students say they are more likely **to rape a woman** after just one exposure to **violent pornography**
3. A high percentage of male junior high students, high school students, and adults in a survey report **imitating X-rated** movies within a few days of exposure
4. 25% of female subjects in an experiment on pornography in Canada report having been upset by **requests to enact pornography**
5. A large body of experimental research has shown that the viewing of violent pornography results in **higher rates of aggression against women** by male subjects.

Delhi diaries

2013	<p>Accused consumed alcohol at home. The accused then <u>watched porn clips on their mobiles</u> and decided to call prostitutes.</p> <p>"When Manoj went out of his rented accommodation, he saw the girl playing. He lured her and brought her to his room. Both of them raped her."</p> <p style="text-align: right;"><u>News report IBTimes</u></p>
2015	<p>Serial killer who raped and killed 30 children</p> <p>The deadly concoction of liquor and porn attracted him to vulnerable children who were too helpless to fight back.</p> <p style="text-align: right;"><u>News report THEHINDU</u></p>
17-April-2018	<p>Mother of 12-yr old daughter, receives rape video circulating on WhatsApp</p>

PORN - facts and figures

ET Telecom

From The Economic Times

Porn viewing on smartphones up 75% as data rates drop in India

In our research, lots of men are viewing porn through **WhatsApp groups**

Child abuse 40%

Rape/molestation 20%

Porn 40%

Our constitutional bodies and media

Supreme Court upheld porn-blocking

The innocent **children cannot be made prey** to these kind of painful situations, and a nation, by no means, can afford to carry any kind of experiment with its children in the name of liberty and freedom of expression.

Center Govt has re-opened 857 porn sites on 5th -Aug-2015.

Mislead public with propaganda. Why?

Hurts **corporate friends**, telcos

Mainstream media also avoids exposing the root cause. Why?

Ad revenue from telcos

Telcos earning from porn traffic (data pack sales)

2 खरब रूपये

What does the law say? IT Act, 2000

Section 66E	punishment for uploading someone's private photos	3 years of jail and/or 2 lakh rupees
Section 67A	punishment for publishing or transmitting sexually explicit act	5 years in jail and/or 10 lakh rupees

Section 84	Center and/or State can implement 79 3(b) etc	SC supported states blocking internet for law-n-order

Today's status : **NOT IMPLEMENTED by center/state**

What Delhi govt / any state govt can do?

1. **Clean connection (Pink SIM cards)** from all mobile companies in Delhi.
Porn websites will be blocked on these mobile connections.

Parents will get option to give “safe” internet to children

2. Blocking of all sites where users upload content.

No rapist can threaten of upload/circulate victim’s rape video

3. **Rape and cruelty video websites banned** across Delhi.

Nobody gets to learn how to overpower victim

4. At least 5 cases of **WhatsApp porn forwarding persons to be punished**

People will avoid circulating rape/child porn videos

5. **Police inquiry of mobile content watched by accused**, in all cases of crime against women and children.

We will have concrete evidence to decide future action
